

XCELL NetLink 1U, 19Inch 24 Port Unloaded Fiber Optic Patch Panel Black with Splice Tray

The Xcell NetLink Unloaded Fiber Optic Patch panel supports commonly used LC, SC, ST, and FC fiber adapters and can accommodate **up to 96 LC fiber connections in a compact 1U rack space**, depending on the adapter configuration. Its flexible coupler arrangement allows easy customization to meet different fiber termination and patching requirements, making it suitable for professional and space-efficient fiber distribution applications.
